- Optional, Utilizatorul poate alege sa isi exprime consimtamintele pentru primirea notificarilor de tip push si pentru geo-localizare (respectiv, colectarea datelor de localizare. Exprimarea acestor consimtaminte nu este obligatorie pentru inrolare. Utilizatorul poate sa-si actualizeze optiunile oricand ulterior inrolarii, din setarile Aplicatiei si din setarile sistemului de operare al telefonului. Pentru a permite primirea notificarilor de tip push, respectiv pentru geo-localizare, Utilizatorul trebuie, in mod cumulativ, sa-si exprime consimtamantul in Aplicatie si sa realizeze setarile corespunzatoare la nivelul sistemului de operare al telefonului utilizat. In lipsa celor doua actiuni cumulative, Banca nu va trimite notificari de tip push si

nu va colecta date de localizare ale Utilizatorului pentru utilizarea lor in campanii personalizate.

- Dupa validarea Clientului si crearea contului Smart Market, datele Utilizatorului sunt prelucrate conform celor descrise in [Politica de Confidentialitate](#) si in [Politica de cookies](#).

Un Client persoana fizica eligibil poate detine un singur cont de Utilizator al Aplicatiei Smart Market. Aplicatia va fi folosita exclusiv de Utilizator, fiind interzisa transmiterea ei sau a credentialelor de acces catre o terta persoana.

Periodic, in mod automat, datele actualizate ale Clientului se vor prelua din sistemele Bancii in aplicatia Smart Market, in vederea optimizarii Ofertelor prezentate acestuia in Aplicatie.

Clientul intelege si este de acord ca este responsabil pentru pastrarea confidentialitatii si protejarea securitatii informatiilor/ datelor privind accesarea si utilizarea Aplicatiei.

Clientul se obliga sa notifice Raiffeisen Bank imediat, fara intarzieri nejustificate, atunci cand sesizeaza lipsa, furtul, insusirea ilegala sau utilizarea neautorizata a informatiilor/ datelor privind accesarea si utilizarea Aplicatiei, precum si a dispozitivului mobil utilizat. De asemenea, ii revine obligatia sa notifice Raiffeisen Bank imediat, fara intarzieri nejustificate, cu privire la orice alta incalcare a confidentialitatii/ securitatii Aplicatiei de care are cunostinta.

Raiffeisen Bank recomanda de asemenea Utilizatorilor sa nu divulge sub nicio forma metoda de deblocare a dispozitivului si sa nu dezvaluie parola Aplicatiei altor persoane, cu exceptia celor autorizate de acestia; permitand unor terti acces la dispozitivul mobil sau la parola Aplicatiei, acestia isi asuma responsabilitatea pentru toate actiunile efectuate astfel in Aplicatie si pentru pierderea sau utilizarea de catre terte persoane a Recompenselor si Cardurilor virtuale din Aplicatie.

2.2 Cum te autentifici pentru accesarea si utilizarea Aplicatiei Smart Market

Pentru accesarea Aplicatiei de fiecare data dupa inrolare, la 60 de minute dupa inactivitatea Utilizatorului in Aplicatie, acesta trebuie sa se autentifice utilizand codul PIN sau Sistemul biometric (Face/ Touch ID) daca acesta este setat pentru Aplicatia Smart Market. In conditiile in care Utilizatorul are optiunea Biometrica setata, aceasta va fi solicitata cu prioritate pentru deblocare, urmata de cea cu PIN.

Din motive de securitate, in anumite conditii listate mai jos, va fi necesar sa re-validam identitatea si eligibilitatea Utilizatorului, solicitandu-i la logare sa introduca adresa de email si ultimele 3 cifre ale telefonului mobil utilizate in relatie cu Raiffeisen Bank, urmate de cele 6 cifre ale OTP-ul primit prin SMS la numarul declarat in relatie cu Banca. Ca pas final va trebui sa isi seteze un nou cod PIN si optional Face/ Touch ID. Cazurile in care un Utilizator ajunge in acest proces de logare pot fi cele in care acesta:

- a. nu are setata si optiunea de autentificare Biometrica si introduce PIN-ul gresit timp de 3 ori consecutiv, ceea ce va duce

- la blocarea temporara a accesului Utilizatorului in Aplicatie din motive de securitate;
- b. introduce PIN-ul gresit de 3 ori consecutiv;
 - c. are setata si optiunea de autentificare Biometrica si introduce gresit amprenta sau nu i se realizeaza autentificarea faciala de un numar de ori fix (conform termenilor sistemului de operare instalat pe dispozitivul Utilizatorului), se va activa optiunea de autentificare cu PIN unde are doar 3 incercari consecutive pana la blocarea temporara a accesului Utilizatorului in Aplicatie din motive de securitate;
 - d. nu mai acceseaza Aplicatia timp de 90 de zile consecutive;
 - e. isi schimba dispozitivul mobil pe care reinstaleaza Aplicatia;
 - f. isi sterge si reinstaleaza Aplicatia mentinandu-si contul activ in tot acest timp;
 - g. isi uita PIN-ul si opteaza pentru resetarea lui;
 - h. isi inchide Aplicatia din sistemul de operare al telefonului mobil;
 - i. i se deblocheaza contul Smart Market (dupa ce a fost blocat la initiativa Clientului sau a Bancii).

La fiecare autentificare, vom verifica daca se mentin conditiile de eligibilitate de la inrolare si daca utilizatorul are activa ultima versiune critica a Aplicatiei:

- Daca nu se mai respecta conditiile de eligibilitate, contul va fi blocat pana la indeplinirea conditiilor.
- In conditiile in care un Utilizator nu detine ultima versiune critica, i se va afisa un pop-up pe ecranul dispozitivului, care nu ii permite continuarea procesului. Fara actualizarea Aplicatiei, Clientul nu va putea continua utilizarea acesteia.

- In conditiile in care un Utilizator nu detine ultima varianta non-critica lansata de Banca, va aparea o bulina albastra langa iconita de setari din ecranul "Profil" si langa optiunea de "Actualizare Aplicatie" (in ecranul "Setari"), unde va avea si optiunea de actualizare a versiunii. In situatia aceasta, clientul va putea utiliza in continuare Aplicatia si fara a o actualiza.

Accesul unui Utilizator in Smart Market ar putea fi restrictionat in cazul in care:

- Nu se mai respecta conditiile de mai sus.
- Sau activitatea acestuia in Aplicatie ar putea afecta sau aduce pagube sub orice forma Aplicatiei, Bancii, Partenerilor sau Utilizatorilor.
- Sau in cazul in care incalca in orice fel Termenii si Condițiile sau Regulamentul.

In aceste situatii, daca doreste sa obtina mai multe informatii cu privire la restrictionarea accesului, poate contacta Banca prin sectiunea de "Ai nevoie de ajutor" din Aplicatie, sau apeland oricare din cele 2 numere de telefon mentionate in Sectiunea 10 a prezentului document.

2.3 Cum poate participa un Utilizator intr-o Campanie si accesa o Oferta?

- Vizualizeze detaliile unei Campanii si sa citeasca atent toate conditiile, dand tap pe Campania dorita; acest tap va deschide un ecran cu detaliile Campanie ce contine: numele acesteia, Comerciantul/ Partenerul, o imagine reprezentativa, descrierea sa cu detaliile si mecanismul, valabilitatea, anumite conditii ale Campaniei, Recompensele ce sunt oferite si linkul catre Regulamentul General.

2.6 Cum pot fi virtualizate Cardurile de loializare de la Comercianți?

Un Utilizator își poate virtualiza Cardurile de loialitate deținute de aceștia de la diverse companii/ Comercianți (Parteneri sau nu în Aplicație), pentru a le păstra într-o singură Aplicație deținută în telefonul mobil, fără a mai păstra după el cardurile fizice.

Cum poate un Utilizator să își virtualizeze și utilizeze cardurile fizice de loialitate deținute la diverși Comercianți:

- Să acceseze Aplicația Smart Market, secțiunea "Cardurile tale de loialitate" din ecranul "Profil".
- Să adauge un Card nou apăsând pe "Adauga card".

- Sa adauge numele Cardului – cel care apare pe Card, sau numele Comerciantului care l-a emis.
- Sa adauge numarul Cardului – scanandu-i codul (QR/ cod de bare) imprimat pe acesta sau introducand numarul in scris pe acesta.
 - In conditiile in care codul de bare sau QR-ul nu se pot scana sau nu sunt recunoscute de scanner, numarul scris sub acestea se poate introduce manual.
 - Numarul introdus manual trebuie sa aiba doar caractere numerice si sa contina cel putin 8 cifre; daca nu are, se pot adauga unul sau mai multe 0-uri la inceputul codului.
 - Un Utilizator nu poate salva 2 sau mai multe Carduri cu acelasi numar de Card.
- Sa salveze Cardul continand cel putin numele si numarul acestuia
 - numele si numarul sunt campuri obligatorii pentru salvarea Cardului.

Dupa salvarea Cardurilor, Utilizatorii au optiunea ca in aceeasi sectiune, sa:

- Isi vizualizeze Cardurile detinute salvate anterior.
- Isi editeze sau sa isi stearga stearga Cardurile salvate.

Pentru utilizarea unui Card de loialitate virtualizat, la un Comerciant, Utilizatorul trebuie sa:

- Se deplaseze la punctul de lucru/ magazinul Comerciantului care l-a emis sau sa acceseze site-ul Comerciantului (daca acest Card virtual poate fi folosit si pentru achizitii online de pe site-ul Comerciantului).
- Sa il prezinte comerciantului pentru scanarea lui sau sa ii citeasca codul din Aplicatie; sau sa il insereze pe site la momentul achizitie - in functie de modul de utilizare al acestuia.

- Sa il utilizeze conform mecanismul specific, regulamentului sau termenilor Comerciantului - ce reglementeaza Cardurile de loialitate respective.

Daca Utilizatorul isi va schimba dispozitivul si isi va instalata Aplicatia Smart Market pe dispozitivul nou, el isi va putea vizualiza in continuare toate Cardurile salvate anterior in Aplicatie.

In cazul denuntarii contractului la initiativa Bancii sau a Utilizatorului, in conditiile prevazute la Art. 3, Utilizatorul nu va mai putea avea acces la Cardurile sale de loialitate virtualizate care se vor sterge odata cu contul Smart Market.

Nu este necesar ca un Card de loialitate sa fie emis de un Partener al Aplicatiei, Utilizatorii isi pot virtualiza orice Card de loialitate al oricarui Partener, respectand conditiile de mai sus.

Salvarea/ Virtualizarea Cardurilor de loialitate in Smart Market nu implica transmiterea de date cu caracter personal ale Utilizatorilor intre Banca si Comerciantii care le-au emis.

2.7 Cum poate fi trimisa o invitatie unui prieten, pentru a fi recompensati amandoi?

Daca Utilizatorul doreste sa isi invite un prieten, sa isi creeze si el un cont Smart Market si sa primeasca amandoi Recompense, pot utiliza functia "Invita un prieten" din sectiunea "Profil", atunci cand aceasta este disponibila.

- Fiecare Utilizator eligibil are alocat automat un Cod unic de invitatie in Smart Market, vizibil in sectiunea "Profil".
- Utilizatorul acceseaza "Profil", sectiunea "Invita-ti prietenii", atunci cand exista o Campanie de acest tip in Aplicatie si sectiunea aceasta este vizibila.
- Isi vizualizeaza Codul unic de invitatie, si il distribuie mai departe unuia sau mai multor prieteni:
 - fie selectand canalul de transmitere pe care il doreste din lista afisata conform sistemului de operare al telefonului (prin SMS, email, platformele de socializare detinute etc);
 - fie copiind Codul si trimitandu-l manual pe canalul dorit, in afara Aplicatiei (ex: email, SMS, iMessage, platformele de socializare detinute etc).
- Prietenul/ Invitatul primeste Codul direct de la Utilizator, precum si linkul de descarcare sau accesare a Aplicatiei, descarca sau acceseaza Aplicatia (daca o are descarcata dar nu s-a inrolat inca), si se inroleaza cf Art. 2.1, utilizand si acest Cod.
- Dupa inrolarea Invitatului cu succes, daca acesta este eligibil in campanie, ambii Utilizatori primesc Recompensa comunicata conform Regulamentului si mecanismului detaliat in Aplicatie.

Cum poate un Client sa utilizeze Codul de Invitat si sa primeasca o Recompensa:

- Primeste linkul Aplicatiei si Codul de la prietenul sau printr-una din metodele enumerate mai sus.
- Isi descarca Aplicatia (sau o deschide daca o are deja descarcata in dispozitivul mobil) si incepe fluxul de inrolare cf. Art. 2.1, in termenul comunicat - pana la finalul lunii in curs sau conform indicatiilor din Aplicatie, daca difera.
- In ultimul pas al procesului de inrolare, in ecranul "Ai un cod de invitatie?", introduce Codul primit si il valideaza (atentie, este

singurul moment/ ecran in care poate fi introdus acest Cod in Aplicatie).

- Daca este Codul corect si finalizeaza cu succes inrolarea, ambii Utilizatori vor primi Recompensa comunicata, automat in cont (si Invitatul si Utilizatorul care l-a invitat folosind acelasi Cod); acestia vor fi notificati si printr-un mesaj de tip push, daca au activata optiunea de a primi push notifications.
- Daca nu se valideaza Codul introdus ca fiind corect, Utilizatorul va primi un mesaj de eroare si va putea sa incerce sa il reintroduca.

Din motive de siguranta si protectie a datelor, Codul de invitatie poate fi distribuit doar direct de catre Utilizator, prietenilor lui, fara implicarea Bancii sau a altor Parteneri. Banca va avea acces si va prelucra datele cu caracter personal ale prietenului Invitat de un Utilizator in contextul Smart Market, doar in cazul in care acesta va initia procesul de inrolare in Smart Market si va introduce Codul de invitatie primit de la Utilizatorul Smart Market.

Sectiunea "Invita in prieten" (din "Profil") si sectiunea "Ai un cod de invitatie" (din fluxul de inrolare) sunt vizibile in Aplicatie doar in momentul in care Banca activeaza si desfasoara in Aplicatie o Campanie de tip "Invita un prieten".

Un Utilizator va fi recompensat pentru un numar maxim de prieteni asa cum este mentionat in Regulamentul aplicatiei.

Codul de invitatie poate fi utilizat si introdus o singura data de un Client, doar la finalul fluxului de inrolare, in ecranul "Ai un cod de invitatie?". Daca Utilizatorul nou inrolat nu l-a introdus in acest ecran,

nu mai are optiunea de a-l introduce ulterior si automat nu mai pot primi Recompensa nici el, nici prietenul care l-a invitat.

Informatii specifice cu privire la Recompensa primita de fiecare din cei 2 Utilizatori vor fi incluse in Regulament si in Aplicatie sub functionalitatea „Invita un prieten”.
